

## Enable me

You have spoken, hear me now  
I am broken, fix me now  
You have risen, pull me up  
I have fallen, pick me up

You're Lord, I'm your servant  
Tell me what to do I'm obedient  
Isn't it odd that I am not brilliant  
Aren't you God, make me intelligent

I don't want you to cry for me  
I don't want you to die for me  
I want you to just enable me  
To serve you better & with you to be

I'm told that you're omniscient  
In my heart o' Lord be present
